

MTTS Overture Programme

(Skill Building in Higher Mathematics)

Department of Mathematics
Goalpara College (Autonomous), Goalpara, Assam
is going to organize
A Two-Day MTTS Programme for Undergraduate Students
(Organized under the Aegis of the MTTS Trust)

Dated: 28–29 August, 2026

About MTTS

The Mathematics Training and Talent Search (MTTS) Programme is one of the most intensive mathematics training programmes in India. Since its inception in 1993, the programme has been conducted annually at various locations across the country, with online editions also being organized during the COVID-19 pandemic. Over the years, the MTTS Programme has made a significant contribution to strengthening and enriching the mathematical environment in India.

To extend the reach of the MTTS training programme to a large group of deserving and motivated students, the MTTS Overture Programme was introduced in 2023. The programme received an encouraging response and made a significant impact on the mathematical development of its participants during its inaugural year. In view of its success and positive influence, the MTTS Trust has decided to continue the programme as a regular annual activity.

Objectives

As part of the programme, two short courses on fundamental mathematics will be conducted by two eminent mathematicians from the state. These courses will introduce young undergraduate students to the MTTS learning methodology and familiarize them with various resources and approaches for independent and self-directed learning.

This programme emphasizes encouraging participants to think critically and independently as they explore mathematical concepts and develop their own understanding, rather than relying on conventional lecture-based instruction.

The Objectives of the programme includes:

- ★ To provide participants with an experience of the distinctive learning environment of an MTTS classroom.
- ★ To introduce talented young mathematics students to the excitement, creativity, and joy of engaging with mathematics.
- ★ To encourage active and independent learning through the MTTS approach, moving beyond conventional passive, lecture-based instruction.
- ★ To develop problem-solving abilities and foster confidence among participants to pursue mathematics through self-directed study.

MTTS Faculty Members

- **Dr. Anjan Kumar Chakrabarty**
Department of Mathematics,
Indian Institute of Technology Guwahati,
Guwahati - 781039, Assam, India.
- **Dr. Dhiren Kumar Basnet**
Department of Mathematical Sciences,
Tezpur University, Tezpur - 784028, Assam, India.

Programme Organizer

■ Academic Coordinator:

Dr. Dhiren Kumar Basnet
Department of Mathematical Sciences,
Tezpur University, Tezpur - 784028, Assam.
Email : dhirenmmts@gmail.com
Phone : +91 9435031700

■ Local Coordinator:

Dr. Nabanita Das
Department of Mathematics,
Goalpara College(Autonomous), Goalpara, Assam.
Email : dasnabanita0825@gmail.com
Phone : +91 8403949710

Important Dates/Venue

Last Date to Apply: 24th August, 2026.

Date of the Programme: 28–29 August, 2026 (Friday–Saturday).

Venue: Department of Mathematics, Goalpara College (Autonomous), Goalpara - 783101, Assam.

Eligibility

- Undergraduate students who are pursuing B.A./B.Sc./B.Sc.-B.Ed in Mathematics are eligible.
- Candidates will be selected on the basis of merit, considering their consistent and strong academic performance, from among the applications received on or before 24/08/2026.
- No TA/DA or accommodation arrangements will be provided. However, lunch and refreshments will be provided to the selected participants on all days of the programme.

How to Apply?

Candidates should submit their applications through a **faculty member of their respective institutions**.

Only the shortlisted candidates will be notified of their selection via Email/WhatsApp on 26/08/2026.

About the College

Goalpara College, established in 1955, is one of the premier institutions of higher education in western Assam, with a rich legacy of academic excellence and holistic education. Located in the historic town of Goalpara on the southern bank of the Brahmaputra, the college began with the Arts stream and has grown into a multidisciplinary institution offering four-year undergraduate programmes in Arts, Science, and Commerce, B.A./B.Sc.-B.Ed. integrated programmes, and postgraduate programmes in selected disciplines. The college attracts students from across Assam and neighbouring states, including Meghalaya, West Bengal, and Odisha.

Set within a spacious and eco-friendly campus, Goalpara College has emerged as an important centre of higher learning in the region. The college has been accredited with an A+ grade by NAAC and has recently been granted Autonomous Status by the UGC, reflecting its continued commitment to academic excellence and innovation. Through continuous innovation in curriculum, pedagogy, and academic activities, Goalpara College strives to create meaningful learning opportunities for students across disciplines, including Mathematics and the Sciences, while preparing them to contribute confidently and constructively to society.

About MTTS Trust

The MTTS Trust is a non-profit educational organization committed to promoting higher mathematics in India. It organizes the various activities and training programmes under the MTTS umbrella and supports initiatives aimed at nurturing mathematical talent and excellence. The Trust welcomes contributions and support from individuals and organizations, whether financial or in other forms, towards furthering its educational objectives. For additional information about the MTTS Trust and its activities, please visit the official MTTS Trust website www.mtts.org.in/mtts-trust
